

Hello, I'm
Rohit K Jangir

An Experience Designer with 2 years of experience and 3 shipped products over multiple verticals from ed-Tech to Enterprise used by over half a million people.

Have worked with 5 start-ups so far, handling end-to-end design requirements.

I've Worked
at

Wonderslate | Experience Designer

Aug. 2017 - Present

Wonderslate is an educational deliverance, digital publishing and test preparation platform whose prime focus is to leverage digital technology to improve an individuals performance and learning experience. The goal is to create an "ultimate learning experience" which will define what next-gen smart curriculum eBooks should be.

Mane&Co | Interface Designer^(On Contract)

Jun. 2017 - Jun. 2018

Designed GUI (based upon UWP app guidelines) of an Access Rights Management tool for z/OS RACF, for an offshore client.

Multibhashi | Experience Designer

Apr. 2017 - Aug. 2017

Designed the whole Multibhashi product experience, which users loved (500k+ downloads with an average rating of 4.4) and that helped the company close its first round of funding. The experience consists of Android App, Web App, Games & Custom CMS; all of which were built from the ground zero, catering to both B2B2C and B2C needs.

4Me Global | Design Intern

Dec. 2016 - Mar. 2017

Sierra Innovations | Design Intern

Aug. 2016 - Oct. 2016

I've Studied
at

Bharathiar University | B. Sc.

Jul. 2014 - Jul. 2017

C.B.S.E. | Class X & XII

2011 & 2014

Hi(re) is a
